

Everyday Math

Activity #2: How much do I earn?

Directions: Figure the hourly, weekly, monthly or annual pay for each of the following jobs. Round each answer to the nearest dollar.

Reminder: To round a number to a chosen place, look at the digit to the right of the chosen place value.

- If the digit is 5 or more, round up.
- If the digit is less than 5, leave the digit in the chosen place value unchanged.
